

## **Trident Ferry**

The Herm Trident Ferry sails daily from the St Peter Port Harbour. It usually leaves from 'Inter-Island Quay' but can also depart from the 'Weighbridge' depending on the height of the tide. (Please note that the Cambridge Steps departure point is no longer used.)

From 1st May until 30th September the Trident ticket office at the 'Weighbridge' will be open from 8am until 5.15pm. If there is an evening boat the kiosk will stay open until 7pm. **Tickets are not available on the boat when the kiosk is open.**

All travellers will need to check in at the main Trident kiosk which is located at the 'Weighbridge' before boarding boats and they will be told where their boat is departing from. The first and last boat generally leaves from Inter-Island Quay but does occasionally vary depending on the state of the tide. You will be told from where the boat will depart as you buy your ticket from the Trident Kiosk located at the 'Weighbridge'.

If you are in any doubt please telephone either the kiosk on (01481) 721379 or Herm Island on (01481) 750000.

If the Trident kiosk is closed passengers should buy their ticket from the boat crew.

## **Parking & Buses**

Travelling to Herm is easy. Just get into St Peter Port and hop on the Herm Trident and 20 minutes later you will be in Herm.

The Harbour area is easily located in St Peter Port and has public parking available nearby for those with cars. There are also bus stops within easy walking distance. Alternatively you can take advantage of Guernsey's 'Park & Ride' scheme that operates from Footes Lane.

If you are staying at a hotel on Guernsey then ask reception staff about the easiest way to get in to St Peter Port. They should be able to advise you on local buses and bus routes. Alternatively they could contact the bus depot, the Travel Trident Kiosk or Herm Island for advice.

An alternative to car parks and buses is to use a taxi to take you from your accommodation direct to the Trident Kiosk or the boat.

As a final alternative you could get on your bicycle and ride into town. There is a bike shelter in the North Beach carpark near the Weighbridge Monument.

We have included details on the links on the right to help plan your day trip to Herm Island.

## **Use the Bus**

There is a network of buses running all over Guernsey and outside St Peter Port you are able to 'hail' a bus anywhere providing it is safe to stop.

The three bus stops nearest to the Weighbridge are located opposite the Tourist Offices, at the bottom of 'St Julian's Avenue' or along 'Glategny Esplanade'. When you are making your journey ask the driver to drop you as close to the Weighbridge as possible.

If you have any queries about using Guernsey buses please contact staff at CT Plus in the kiosk at the St Peter Port bus terminus. You can telephone them on (01481) 700456 or [www.buses.gg](http://www.buses.gg)

## **Car Parking**

All public car parking on Guernsey is free. The only thing you must remember to do is set your parking clock! Failure to do so will incur a fine from the local traffic wardens. Parking clocks are usually provided in all hire cars. If you are travelling from further afield in your own car, parking clocks can be purchased from the Police Station, Information Centre, most garages and a number of other retail outlets.

You are restricted in how long you are allowed to park, so please pay attention to the signs indicating the various timed zones.

The 10 hours spaces in the North Beach carpark usually fill up fairly early in the morning but space can be more easily found at the Salerie Corner car park which is only a short 10 minute walk from the Weighbridge ticket kiosk.

From May to September there are a limited number of parking spaces available from the Travel Trident Kiosk which are located on the 'East Arm' of the Harbour area. These spaces cannot usually be pre-booked and there is a charge, unlike the public car parks.

## Guernsey Harbour Map

The map below shows the location of the Inter-Island Quay and Weighbridge departure points used by the Herm Trident Ferry and that of the Trident Kiosk. It also shows the closest car parks for those coming in their own cars.

(Please note that the Cambridge Steps departure point is no longer used.)
