

Grocery Shop Product List

Herm Island no longer takes pre-orders for self-catering or camping guests as the shop should provide everything you need during your stay.

The following is a comprehensive list of products available in the Herm grocery shop located at Seagull Campsite. Please note, prices may fluctuate according to suppliers' changes and products are subject to availability from suppliers. Fresh goods (not listed) eg. fish, meat, fruit & veg can be ordered for next day delivery (excluding Sundays). We require at least 24 hours' notice for this service.

If you are unable to make it up to the shop or would like to arrange a delivery to your accommodation, please either email jameswilson@herm.com or call the shop direct on 750025 during your stay.

Many thanks,
The Herm Island Team
